CHOCOLATE SQUARES WITH EID THEME OVER-WRAP

DRIED FRUITS AND NUTS

Our premium sun-dried fruits have no added sugar. They are vegan friendly. An ideal option for healthy snacking and perfect with a soothing cut of mint or zataar tea at Iftar or Suhoor.

Our premium nuts and raisins are truly superb. Raisins from large grapes aid digestion after fasting. Our macadamia nuts are roasted with salt and vanilla pods to give a truly unique sweet-salty flavour. Our walnuts are whole nuts with a delicate flavour.

GLACÉ EXOTIC FRUITS AND QAMARDEEN ROLLS

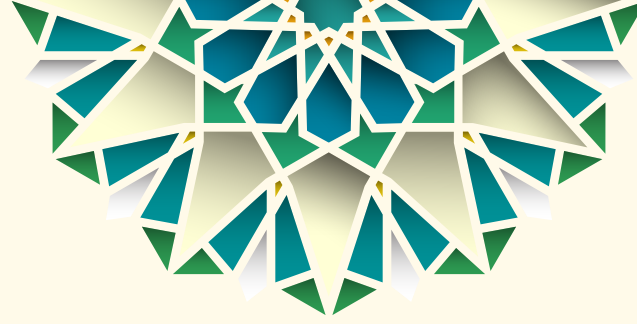

Our beautiful glacé whole fruits are handmade to a traditional recipe. The result is a soft and utterly delicious fruit confection that is perfect served as dessert after Iftar or with a cup of refreshing mint or jasmine tea at Suhoor.

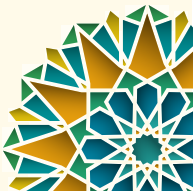

Fruits include: cactus fig, narenj, pear, fig, plum, apricot filled with pistachios, apricot, eggplant, orange, peach, citrus.

Our Qamardeen Rolls have no added sugars or preservatives. They are handmade with fresh apricots in the traditional way - boiling the fruit and making a paste that is then dried and rolled. They are delicious Middle Eastern snacks especially popular during Eid.
